DEDICATION

As each graduating class prepares to leave, its members carry with them recollections of a memorable senior term and of those who helped to make it so. In sincere appreciation for their sympathy and enthusiasm in guiding A12 classes, this edition of the Hoofprints is affectionately dedicated to Mrs. Frances B. Harlan and Mr. Dale McNeice.

RIES of "Hip! Mula! Anda!" echoing across the barren deserts and mountain trails of California a century ago signified the advent of the mule trains, which were to lay the foundation for California's successful transportation system. Where no stagecoach or covered wagon could go, the pack mule did, and brought comfort and luxury to many otherwise impenetrable spots. These sturdy, loyal animals and their drivers played a Herculean role in the pioneering of California.

Wilson High, the mule its mascot, strives to make its students sturdy, loyal, and undaunted by the mountainous paths ahead.

"May it never stop"

Lots and lots of luck Carolyn

Captains

Between arranging for curricular, and extra-curricular activities, new buildings and other improvements, Principal Florence J. Seaman always finds time to "look out for" the welfare of Wilson students. Her pleasant, cheerful manner and willingness to help have made her popular among students and faculty alike.

Florence J. Seaman

Vice Principals Charles Sutcliffe and Grace Leadingham chat on school problems. Guiding Wilson's "Mule" to a happy high school life is in their line of duty. As sponsor of the Girls' League, poised Miss Leadingham finds one means of doing this. Mr. Sutcliffe, who sponsors the Key Club, is known for his genuine concern for boys' problems.

Miss Seaman, Miss Leadingham, and Mr. Sutcliffe give us a glimpse of the "good old days, when their hearts were young and gay."

Our jovial registrar, Mr. Norman Morgan, the enthusiastic director and organizer of the "Varieties."

Each mule train had an owner or owner's agent, who "looked out for" the mules, the muleteers, and the cargo. The agent for the taxpayer owners of Wilson's mule train is its principal, who must oversee students, faculty, and school subjects alike. Helping to oversee the mule trains were the muleteers and helping our principal is a corps of exceptionally efficient administrators.

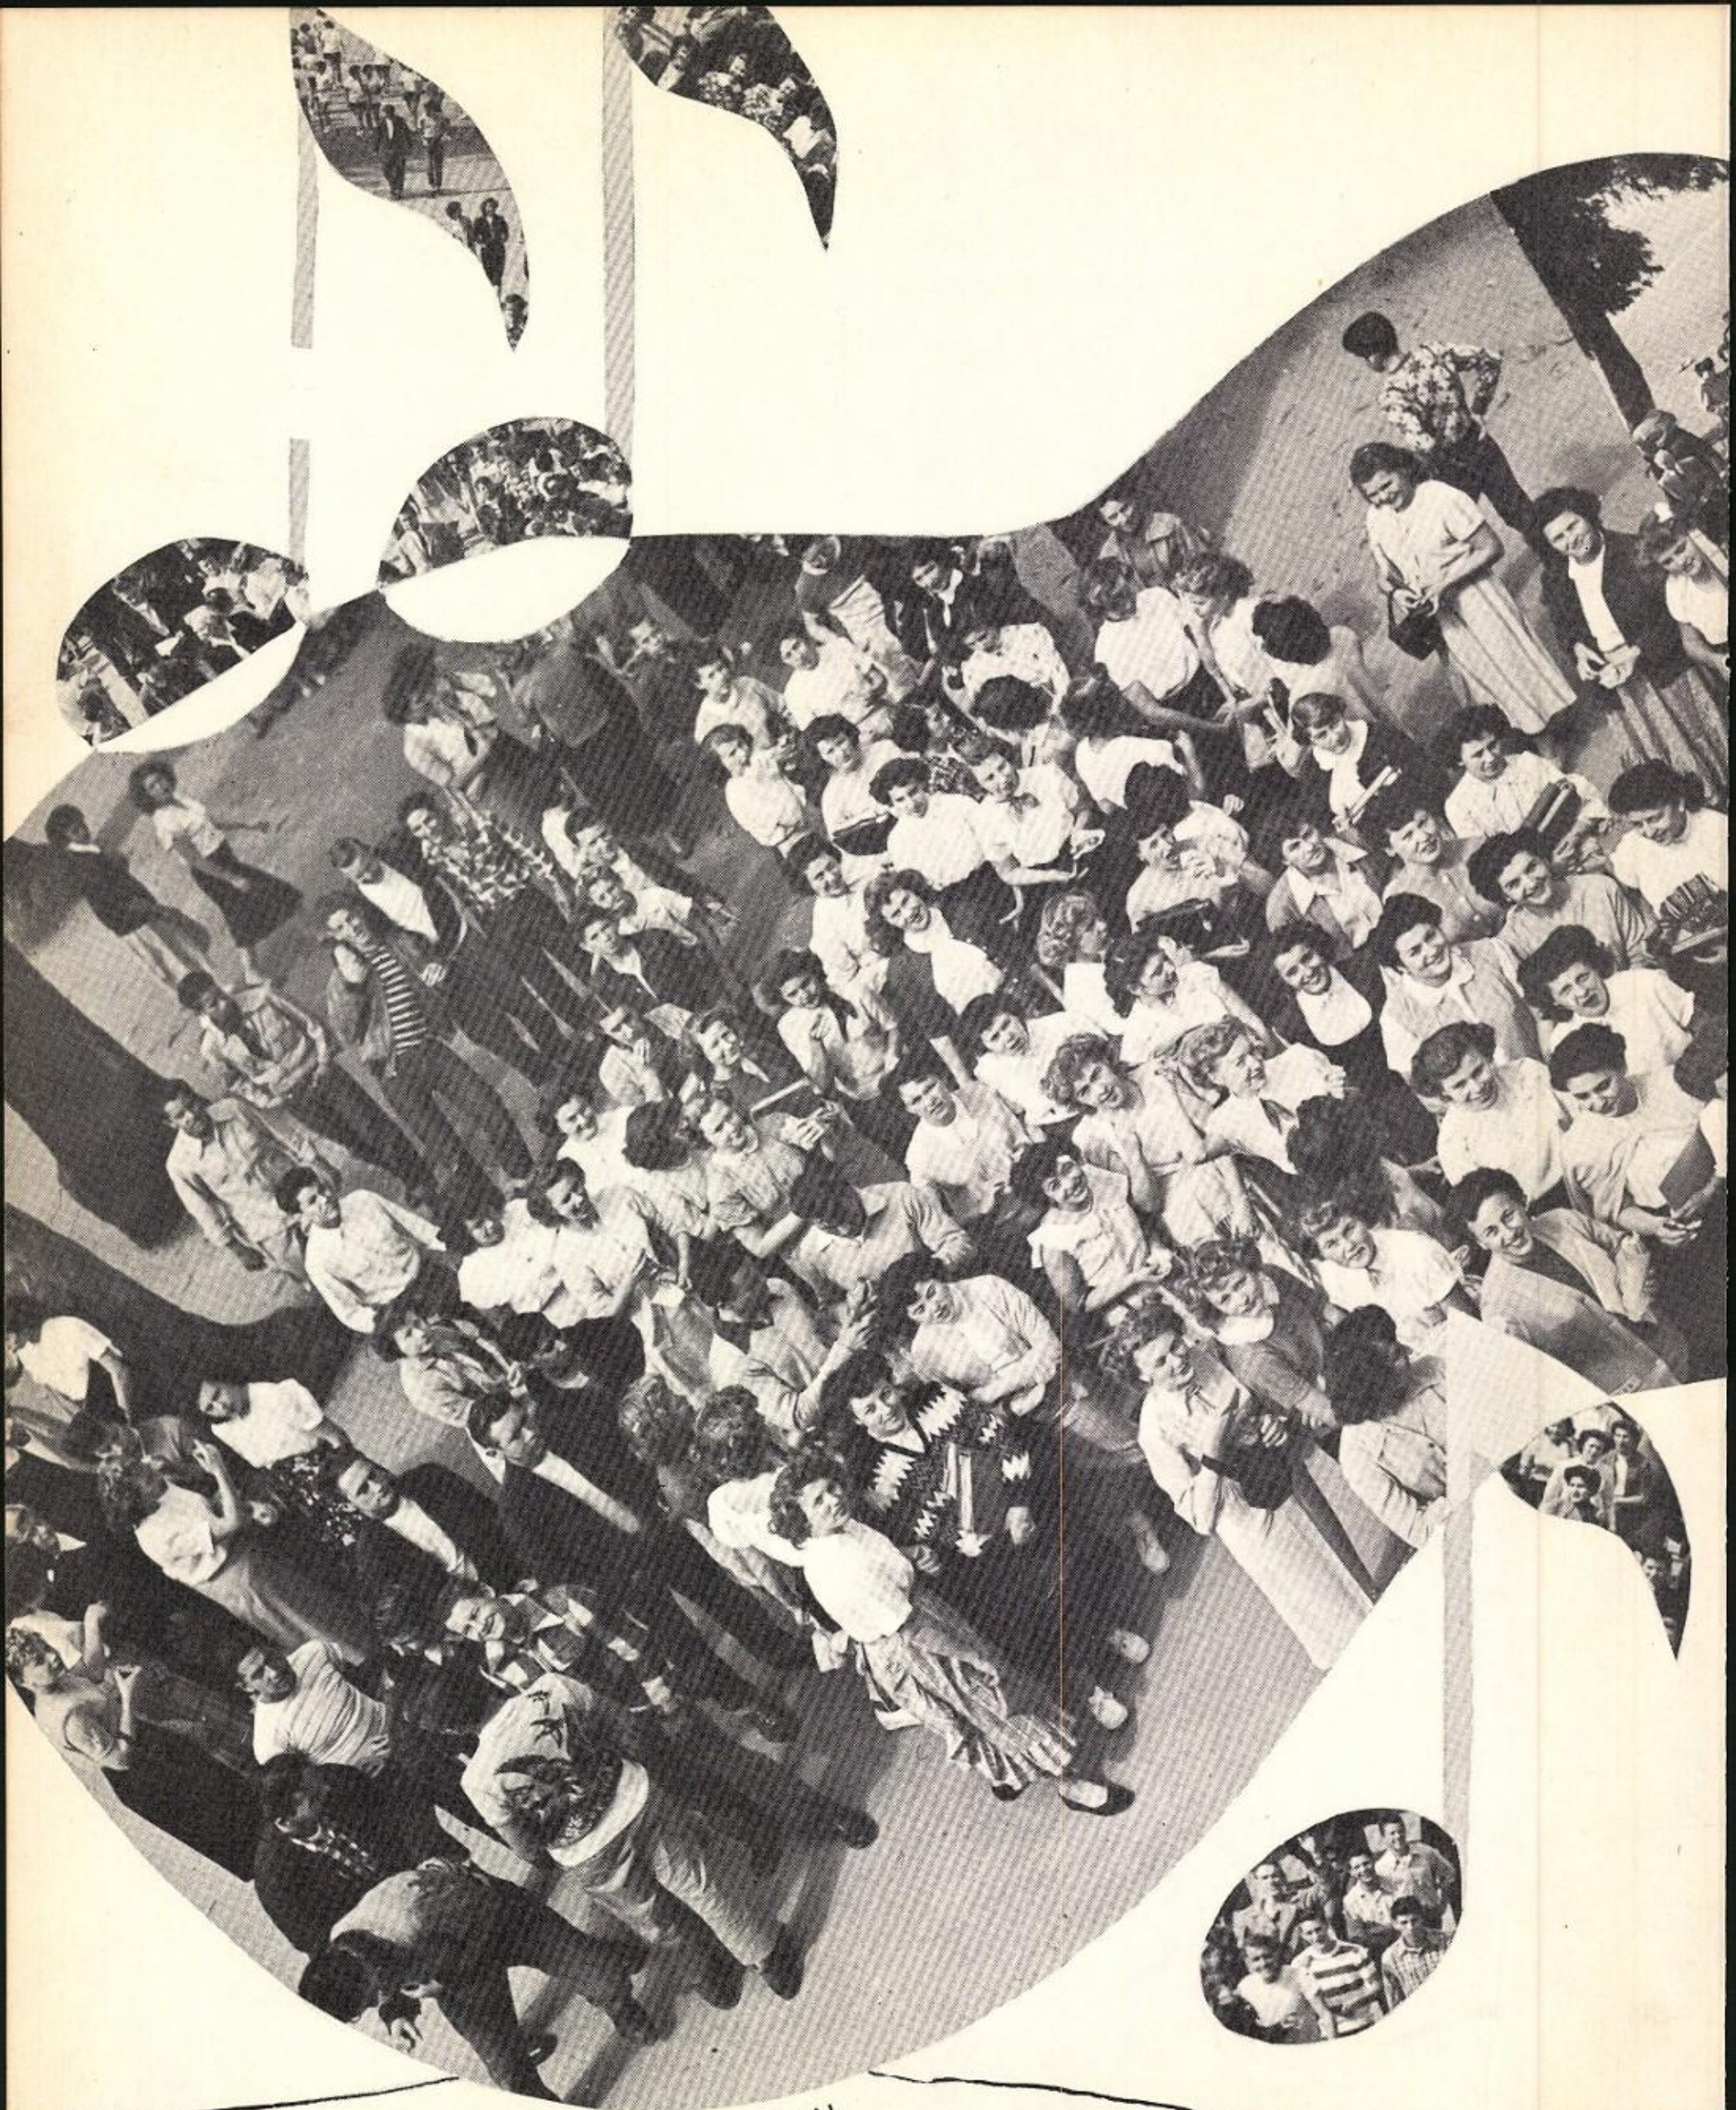

Seeing to it that senior high students have enough geometry and American literature is Counselor Harold Cooper's busy job.

OFFICE STAFF—Beaming with efficiency, the Wilson office staff carries on business with a smile: Miss Teresa Garcia, Text-book Clerk, Mrs. Lucile Petralia, Attendance Clerk, Miss Lila Hoisington, General Clerk, Mrs. Nell Howard, Secretary, Miss Misako Okada, General Clerk.

FROM LEFT: Mr. Duggan, keeper of our financial keys and Mr. Lewis, head custodian, work to keep Wilson fiscally and physically in shape. Mrs. McCoy, faithful custodian who retires this year, and Mrs. Price, long time cafeteria worker, saw Wilson change and grow. Mrs. Gans, bustling cafeteria manager, provides food for hungry Wilsonites.

NANCY RAGAN

Mulas! Mulas!

GUIDED by Mexican muleteros or Yankee muleskinners, California's historic mule trains went on their important way, carrying supplies to hard-to-reach mining camps. These muleteers, constantly on the lookout for slipping packs and uncooperative mules, played a similar role to those who guide the Wilson mule train, our teachers. And the train itself, so staunch and spirited, responded to muleteer guidance with the same eagerness or reluctance with which we respond to our daily lessons.

Los Inteligentes

With a load on its back, a pack mule stubbornly followed the steep trail and brought necessities and luxuries to far off mining camps. Among the first cargoes were books. Here at school it is also the books which come first. Only after we finish our curricular work do we turn to extra-curricular activities.

Busy computing her assignment in Business Machines, Beatrice Lugo uses some of the ultra-modern equipment available in Wilson's commercial department.

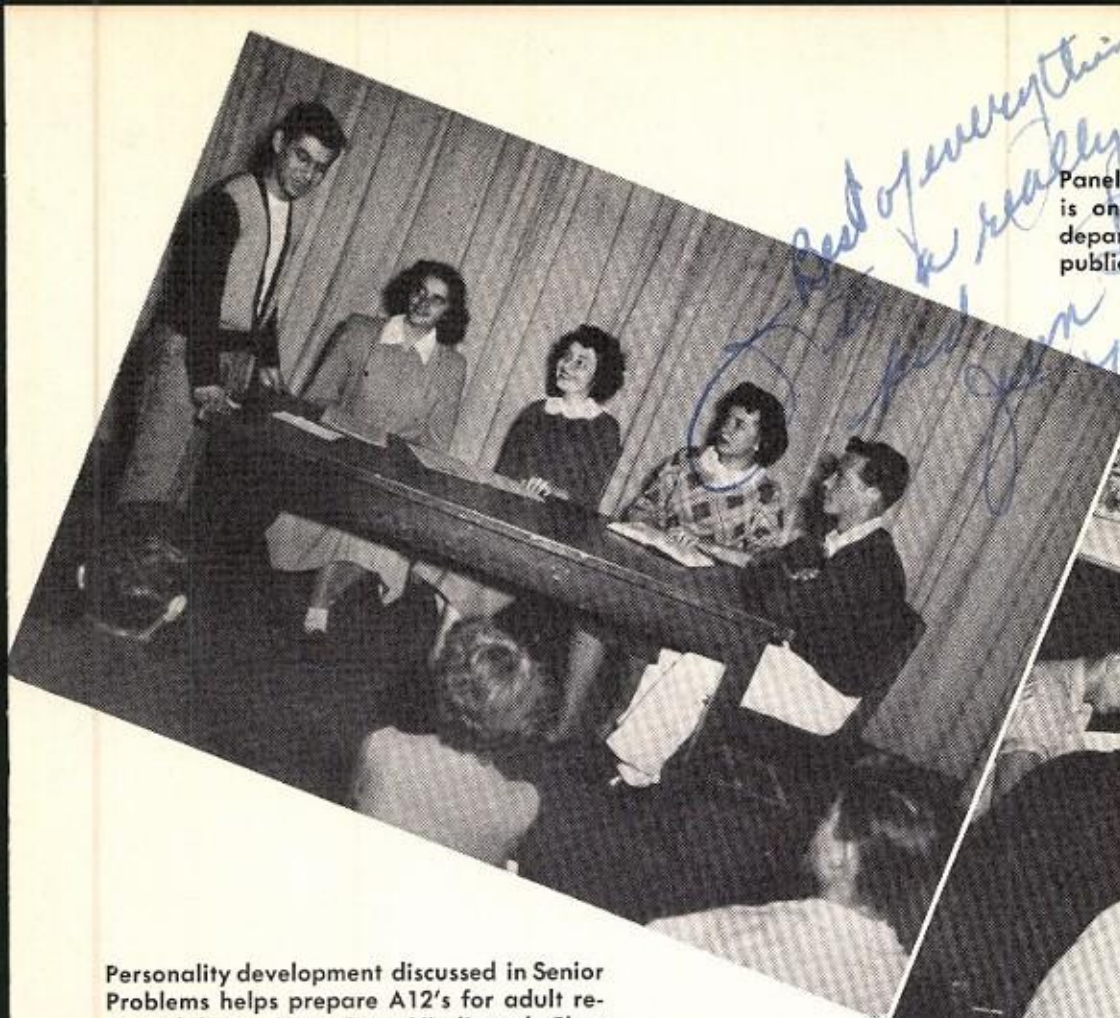

FROM TOP: Electro-magnetic inductions is one of many modern fields covered in the physics course. ☆Jean Raatama examines a skeleton while "Oscar," the dummy, looks on. These are just two aids to learning about the body in physiology. ☆Sol Dibner and Paul Dosie set up apparatus for a "lab," one of their weekly chemistry assignments. ☆Marion Laney shows her Spanish class a costume with historical significance. Wilson's language classes emphasize conversation.

Nilo Bracci watches on as Mr. Triggs shows his industrial math class how to manage the slide rule.

*Best of everything
in really nice
speeches
Jan 18/5*

Panel discussion of a controversial question is one of the ways in which the speech department leads many students into easy public speaking.

Learning to use the library, reading books, and writing reports on them, as this A10 group is doing, is encouraged in English classes.

Personality development discussed in Senior Problems helps prepare A12's for adult responsibilities. Here Pete Vitali and Char Pohlman learn to "go down a receiving line."

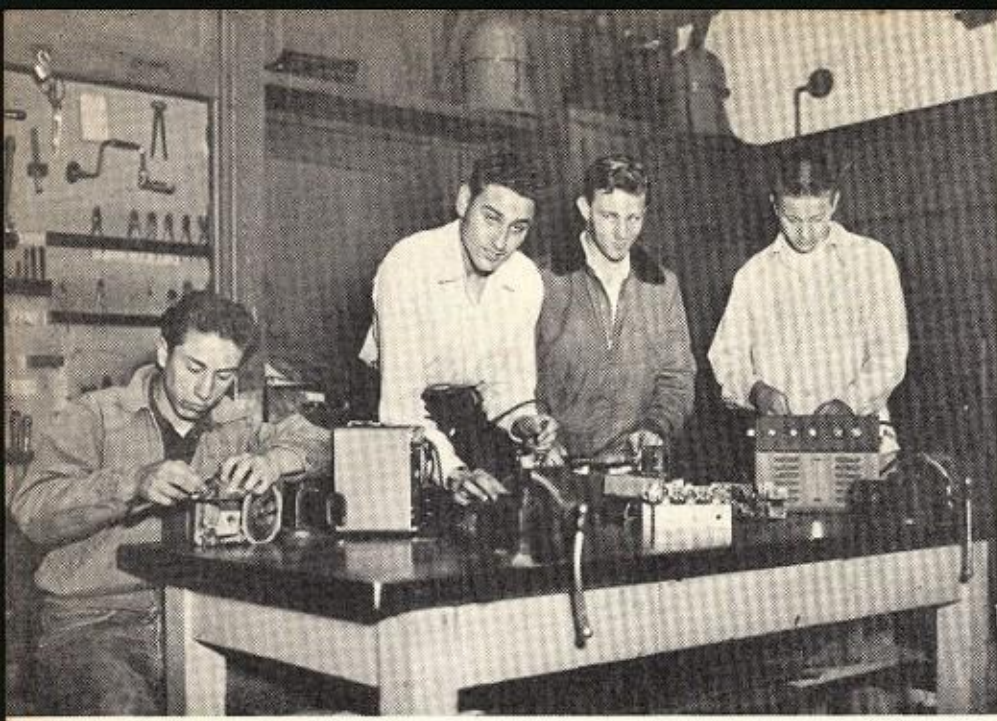

Dick Adams tackles an algebra problem while the rest of the class looks on.

Discussion on a topic, historical or modern, is a daily assignment of All history and other social studies courses.

B12 students are kept busy learning how to become good American citizens by learning about their government in civics class.

Aspiring to electrical knowledge, boys like these gain much from their classes in radio and advanced electricity.

"Pounding out, shaping, and molding metal correctly will turn out beautiful things," say the boys in metal shop and with these lovely plates they prove it.

Barbara Hughes is about to play a record which will first be enjoyed, then discussed. Music Appreciation forms a basis for the other music courses.

Mr. Kaelin points to a student-drawn picture of "Mr. Sneer," to illustrate a point in character drawing.

Modeling clothes they have made, these girls exemplify with their impromptu fashion show, what a varied program a clothing class can offer.

Joan Adee serves food that the girls' of the senior foods classes have prepared.

Alan Page, ace student, works on one of his plans while other members of the architectural drawing class look on.

The exercising done in the corrective gym classes aids students to achieve the better posture necessary to good health.

Figurines and pottery made with clay, molded by hand and wheel and colorfully decorated, are produced in ceramics.

Making plants grow is one of the thrills agricultural science offers. Here Mr. Calhoun and two able assistants attend to some plants.

Los Trabajadores

Out of the pioneer saga came the theory of learning by doing. Food and sewing machines are brought into home economics rooms. Wood, metal and electrical equipment give future industrialists experience. Art classes, gym classes, music classes nowadays all emphasize learning by doing.

Les Padfield and George Munn carve a Thanksgiving turkey as the rest of the "chefs" hungrily look on at one of the newly formed Boys' Foods Class projects.

Fin del dia

AT THE end of a day's journey, the mule train stopped to eat and rest, for tomorrow would soon come, bringing with it new dangers and new pleasures, new adventures and new destinations. On a grassy spot near a cool stream of water the train, mules and muleteers alike, ate and slept near a cozy campfire. Day's end now draws near for the Seniors of 1950, and they are looking eagerly towards their "tomorrow." The day is over, but the journey is not.

MURRAY VIA
Ephebian

To draw young leaders into civic life, the Ephebian Society was set up, and especially well-equipped to contribute to civic upbuilding are the Centennials' Ephebians.

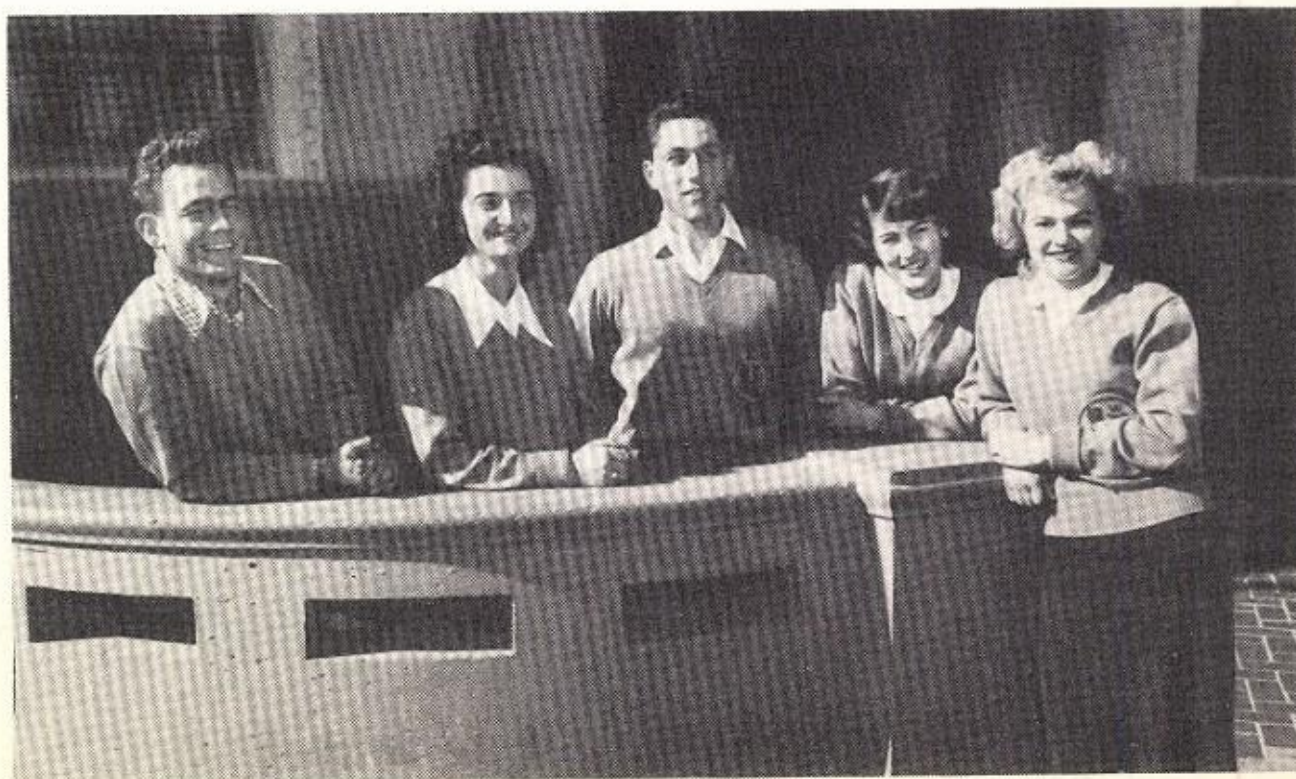

CENTENNIAL SEALBEARERS—These happy graduates received gold seals on their diplomas to signify at least four semesters' membership in the Scholarship Society: Marilyn Canter, Sylvia Rawson, Murray Via, Diana Larson, Dorothy Hensen.

Centennials

Upholding the observance of our state's Centennial, the class of Winter '50 celebrated 100 years of California growth by choosing the name of Centennials. Graduating just one century after California's admission to the union, the members of this class took their places in the California life which their namesakes made possible. Led by President George Luciano, the Centennials had a rip-roaring picnic, a lovely senior tea and play, and a delightful prom.

CENTENNIAL OFFICERS—Spurring the W'50 class onward to provide happy memories of its Senior Aye term were Chuck Luciano, president, Beulah Aguilan and Irvin Berger, vice-presidents, Sheila Garrett, secretary, and Grace Zimowski, treasurer.

Vanguards

The distinction of being the largest graduating class in Wilson's history was claimed by the class of Summer 1950. Setting records in scholarship, citizenship, and service, the class lived up to its symbolic name, the Vanguards, "always in front." Not only having more members than any other class but also more Sealbearers, the Vanguards thus prove that their brains are in tip-top shape. Brawn and talent have also been provided this class in abundance, as is evidenced by their many star athletes and leaders.

VANGUARD OFFICERS—Leading the Vanguards through an activity-packed last semester were: President Richard Jarrard (center), Boys' Vice-President Bill Hamlin (top right), Girls' Vice-President Betty Blackwell (right), Secretary Babette Neustatter (left), and Treasurer Kenneth Lucas (top left).

VANGUARD SEALBEARERS—An even dozen Vanguards topped the academic scales and earned the proud title of Sealbearer, denoting at least four semesters in the Scholarship Society: Daniel Wilkin, Frances Reubenstein, Manuel Morden, Nancy Ragan, Douglas Markel, Jack Goldberg, Roland Miller, Antoinette Millstone, Neil Motter, Shirley Lunger, William Towles, Lawrence Miller.

Mulas Cabeseras

SHOUTED at and prodded by skillful muleteers, the mules of a train nevertheless responded best to one of their own. And so they were led by a bell-mare, an experienced mule who carried no cargo but wore a musical bell to which the other mules were slaves. Without the bell-mare, the train was unmanageable. In our student government, we, too, have leaders from among us. By our "mulas cabeseras," from the student body president to the club officers, Wilson's mule train is led in a truly democratic manner.

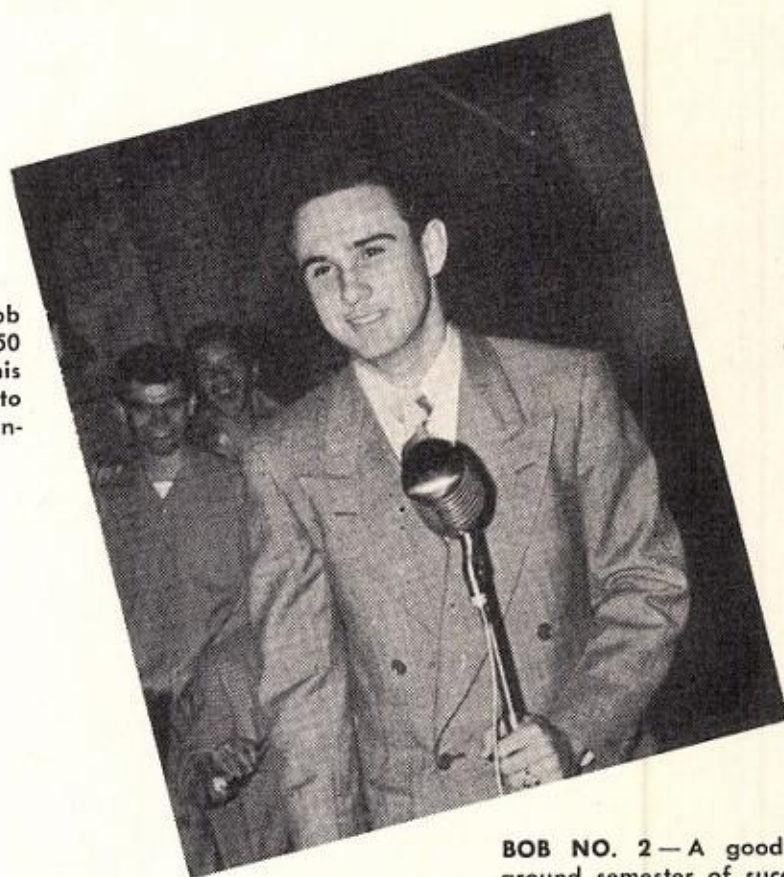

WINTER CABINET—By the ballot box while waiting for election returns are: (standing) D. Larson, Lettergirl Pres.; B. Wade, Lettermen Pres.; D. Dyer, Chief Justice; M. Richmond, Chrmn. Bd. of Comm.; M. Zebrack, Boys' Fed. Pres.; J. Tenner, Girls' League Pres., and (seated) S. McComack, Treas.; N. Christiansen, Girls' Vice Pres.; B. Olivas, Student Body Pres.; M. Berliner, Boys' Vice Pres.; M. Wilson, Sec.

Lead Mules

BOB NO. 1—Distinguishing Bob Olivas' term of office as W'50 student body president was his successful and untiring work to produce the spirit of sportsmanship in all student activities.

BOB NO. 2—A good all around semester of successful student government was led by capable Bob Jones, S'50 student body prexy. A special feature of Bob's term was a program of more and better assemblies.

Backbone of the whole student government is the cabinet, which makes Muleville laws and policies. The 1949-1950 cabinets performed miracles in service to the school. The tremendous jobs of student body ticket sales in the fall and annual sales in the spring were finished with typical Wilson spirit. Proving they don't favor "all work and no play" the leaders sponsored two student body ticket dances, the Sox Hop and the Shamrock Shenanigans, and instituted a party for junior high ticket holders.

SUMMER CABINET—ROW 1: N. Motter, Chrmn. Bd. of Comm.; S. Cera-velo, Boys' Fed. Pres.; B. Jones, S. G. Pres.; Mrs. Jinks, sponsor; S. Schneider, Lettergirl Pres.; J. Adams, Chief Justice; N. Ragan, Girls' League Pres. ROW 2: F. Bennett, Lettermen Pres.; D. Dyer, Sec.; J. Gibbs, Treas.; E. Britt, Boys' Vice Pres. Not shown: M. Wilson, Girls' Vice Pres.

WINTER VICE PRESIDENTS — Looking over Wilson's winter social calendar, of which they had charge, are Winter Vice Presidents Myron Berliner and Nancy Christiansen.

SUMMER VICE PRESIDENTS — Head of the summer student body social program were Vice Presidents Mary Wilson and Emil Britt, who are shown here with sponsor, Mrs. Jinks.

DEBIT OR CREDIT?—Dorothy Dyer, Summer secretary, reviews a financial report with Joan Gibbs, Summer treasurer. LEFT: Preparing tickets for a Winter football game are supersalesmen Sally McComack, treasurer; Mary Wilson, secretary, and Mrs. Jinks, student government sponsor.

HURRAH—The Leadership class shows its excitement over Wilson's winning of the Northern League sportsmanship trophy. The class, composed of officers and other leaders in campus activities, helped make this year one of Wilson's best.

The Law

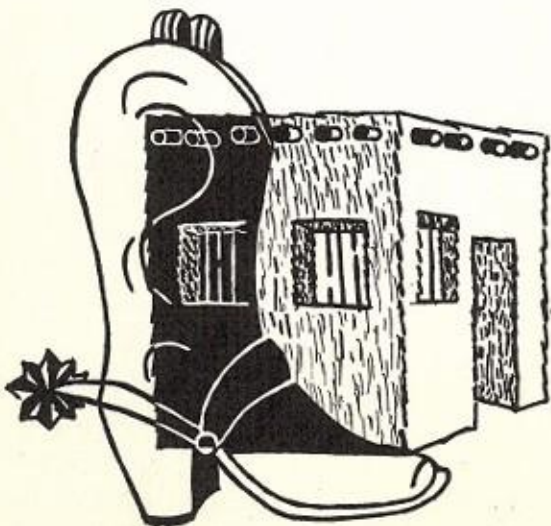

STUDENT COURT

Following the judicial pattern of our national government, Muleville has a working system of student operated courts. By trying and sentencing rule breakers, the student judges guide them toward better citizenship and set an example of justice and fairness for the rest of Wilson.

BOYS' COURT—Looking over a list of offenders who will appear before them are Boys' Judges Robert Christian (W), Daniel Wilkin (S), Larry Miller (W), and Bill Towles (S), and sponsor Mr. Triggs.

BALLIFFS—"DID you find him?" Checking court summonses and records are busy court bailiffs Robert Moore (S), Shirlee Schneider (W), Emiliano Barcelo (W), and Fran Reubenstein (S).

CHIEF JUSTICES—Chief Justices Joan (S) and Dorothy (W) presided over the student courts with dignity.

GIRLS COURT — Shown working over their files with the girls' court sponsor, Miss Hewitt, are Girls' Judges Dorothy Dyer (W), Joan Adams (S), Elsie Gale (W), Iris Alent (S).

WINTER ADVISORY BOARD —

Row 1: M. Barrett, V. Pugliese, V. Melistoff, Mrs. Jinks, C. Pohlman, S. Lunger, L. Schneider, G. Abbey. ROW 2: S. Rossman, J. Babcock, B. Joiner, G. Munn, L. Nudo, D. Fisher, R. Heldfond. ROW 3: F. Bennett, D. Stires, C. L'Amoreaux, K. Potter, M. Burton, L. Troncale. ROW 4: J. Amato, T. Bradley, M. Francis, J. Crum.

Like a miniature Congress, the advisory board meets to discuss the problems of its constituents. It presents an even cross section of Muleville by drawing its members from senior high English and social studies classes. Something new was added this year when the advisory board took over the Red Cross drive and the Harlan Shoemaker fund. Election petitions were also handled through this body.

SERVICE—Mike Richmond, W. Chairman of the Board of Commissioners, and Tommy Long, W. Service Point Commissioner, have a confab over the new rules.

Rangers

Just as a city has commissions to carry out and enforce its laws, so do we at Wilson use such a system. Ten commissions, each headed by a commissioner and assigned to different phases of school life, kept Wilson clean, safe, and well organized. The whole shebang was under the leadership of the Chairman of the Board of Commissioners.

FIRE AND SAFETY—Fire Commissioners Allan Shapiro (W) and Lester Schneider (S) inspect fire hoses to insure safety in case of a fire.

LUNCH TIME—Wilsonites get their vitamins from the wholesome display of food set out by the cafeteria workers.

PUBLICITY—Ray Summers (W) and Lilian Gonshaw (S), Publicity Commissioners, put up one of the many flashy signs they used to advertise school "doings."

CLUBS—Service Point Commissioner Ruth Frie (S) discusses clubs and their service points with Lilian Gonshaw (W) and Frances Topham (S), Club Commissioners.

BUILDINGS — Sumner Chairman of the Board of Commissioners, hardworking Neil Motter, talks about hall-guards with Carlos Baker, two-term Building Commissioner.

ATHLETICS — Commissioners Pete Vitale (S) and Neil Motter (W) headed the committees which patrolled athletic events and helped Wilson obtain an enviable reputation for well-behaved spectators.

HEALTH—Helping in the nurse's office was one of the duties of Health Commissioners Libby Weinreb (W) and Joyce Campbell (S). New room posters was one of their accomplishments this year.

GROUND—Commissioners John Shambra (W), Doug Markel (W), Bob Hoblitt (S), and Kenny Graybill (S) set an example for the student body by keeping the grounds clean. School frequently was dismissed early on Friday because the grounds were clean

CAFETERIA—Cafe Commissioners Mike Richmond (S), Kenny Darling (S), Bruce Lloyd (W), and Marty Huntoon (W) smilingly watch their system in operation. These boys kept the cafe cleaner and pleasanter.

LOST AND FOUND—Looking over some of the innumerable lost articles turned into the Lost and Found are Commissioners Charlene Pohlman (W), Joan Westbrook (S), and Laurel Duffield (S). "What a job," they sighed daily.

These clubs have as their main activity the "Christmas for 111th Street School" drive. They also sponsored the Hearts' Hop dance last February and the Beaver Bounce which climaxed Beaver Week.

GIRLS LEAGUE—ABOVE LEFT: The Winter board looks over a record of its past: I. Alent, Sec., Miss Leadingham, sponsor, J. Tenner, Pres., S. McGrew, Treas., A. Ward, Vice-Pres., J. Honaker, Hist. SUMMER EDITORS — Working on their pages are Editor Zebrack, Judy Honaker and Vida Marks, secondary news; Helene Stark, copy desk; Marty Hutton, sports; Fran Reubenstein, news; and Harriet Rossman, features.

A mule train entered a mining camp amid much excitement, for the miners were anxious to read the newspapers it brought. Each Friday citizens of Muleville awaited the Hitching Post, Wilson's newspaper, to learn the latest news, views, and gossip, but little did they realize the work involved in turning out those four pages. Before each issue reached its readers, the HP staff and print crew went through a hectic week of reporting and editing. Fall, 1949, saw a new system of alternating staffs successfully tried.

SUMMER STAFF—Building morale by their fine reporting were (SEATED): M. Topham, E. McKelly, J. Marion, V. Melitsoff, M. Knudsen, G. Lomonaco, B. Lloyd, R. Kaplan. (STANDING): R. Dunn, Miss Arthur, J. Elder, A. Zeltman, G. Parker, M. Ladedda, M. Nave, L. Buss, G. Munn, F. Garcia.

"Really belonging" to Muleville means a membership card in a club. An "all-around" club on campus is the Scholarship Society, whose members, giving others the benefit of their scholastic excellence, whizzed through a year of successful coaching. The Pedagogs got an idea of what their future is like through an innovation . . . "practice teaching" in junior high classes. The Lettermen's Club, famous for its cooperation with its female counterpart, the Lettergirls, proved it by their co-sponsored square dance, ushering, and barbecue.

Kings

Mutual interest in a specific field makes belonging to clubs a synonym for meeting new friends. Curiosity about the Romans brought Latin Club members together for informative discussions. The Spanish Club came up with an outstanding scene for the May musical production. Comwolei's future secretaries learned to earn when leading charm and business experts spoke to them. Serving at school teas and luncheons gave Vesta girls invaluable experience as future homemakers. Chess Club members concentrated on tournaments, while a Mother-Daughter dinner and a hilarious initiation came out of Y-Teen get-togethers.

Johnny Shambra, Winter Key Club president, talks club business with Mel Baron, Neil Motter, and Morton Zebrack.

Service is the keynote for most Wilson clubs, and especially the World Friendship Club, which sent \$50.00 made at its Christmas holly sale to help the children of Avellino, Italy. Wilson's Hi-Y activities ranging from winning their city basketball league to presenting nosegays to the faculty on Valentine's Day. Sponsored by the Kiwanis, the Key Club successfully took on the project of registering student and faculty cars for the school. "Medics" toured the General Hospital and heard lectures by doctors and dentists as they prepared for a career of service.

Music Makers

A favorite pastime of the muleteers was singing around their campfire as night drew close around them. Here, too, music is a favorite form of recreation, due largely to Muleville's excellent music department. A Cappella, most sought-after singing organization, contributed harmony and gaiety to assemblies, community programs, and the Varieties. The Senior Girls' Glee sang beautifully at the Christmas musical. The whole community helped raise money to uniform the Band. Stirring music is a forte of the Senior Orchestra; their renditions at the Varieties and the Lincoln's birthday assembly was "proof of the pudding."

TOP LEFT: Rehearsing a specialty number are A Cappella soloists Marilyn Rolnick, Bob Johnson, Marilyn Knudsen, and Joan Gibbs, with accompanist Varda Melitsoff. BOTTOM LEFT: A Cappella pianists Rae Lee Creelman and Varda Melitsoff team up for a duet at the "Gaslight Varieties."

In the living drama of California, the mule teams played an important scene. Wilson's drama groups played a hero's role in campus life in 1949-50, providing entertainment for the rest of the school and getting a foundation for further dramatic training. This year saw the first three act play to be presented in several years. The "colossal" Gaslight Varieties presented the panorama of California, from the days of its Indians, through Spanish rule, pioneer days, and the "Gay 90's". This extravaganza, given to raise money for band uniforms, brought together the combined talents of the music, drama, art, English, home economics, and industrial departments.

ROMANCE—Marilee Barrett and Alan Page hold hands in a tender scene from "Married At Sunrise" as Nancy Ragan, Marilyn Rolnick, Joan Marion, and John Shambra stare their sentiments.

Hoofprints Staff

EDITOR BAHNSEN—Amiable Gary Bahnsen, who did the picture and exacting layout editing, practically lived at school during the production of this annual.

HOOFPRIENTS

Just as journals often were kept of the travels and travails of the early pack trains, so does Wilson keep an account of a year's activities in the Hoofprints. Presenting a vivid picture of campus life, the yearbook is something to keep many years after graduation. The 1950 staff, working day, night, and vacation, put its best foot forward to try to make this the best Hoofprint yet.

PHOTOGRAPHY STAFF—Bob Johnson, center, photography editor, explains an assignment to Hoofprints photographers Warren Archer and Richard Cavin.

CENTENNIAL STAFF MEMBERS—Helping to get the annual off to a good start though they couldn't remain to finish the job were George Luciano, Marilyn Canter, Brian Flynn, and Sandy Blum.

CENSUS TAKERS—CLASSES AND FACULTY—Joan Adams and Kenny Graybill plan their Senior section while Emiliano Barcelo, classes and faculty editor, looks on.

ACTIVITIES—Albert Harrison and Irene Bernal file pictures for their organization section as Al Shapiro, student government editor, looks for ideas in a college annual.

AD STAFF—George Munn, ad manager, and Charles Spiegel, business manager, figure the cost, with ad salesmen Alvin Holt's and Jack Baxley's help.

EDITOR REUBENSTEIN—Vivacious and dynamic Frances Reubenstein, in charge of theme and copy, became an avid reader of the dictionary as she wrote copy in the wee hours.

GIRLS' SPORTS—The Girls' Sports section, handled by Joan Westbrook and Pat Pallazzolo, is given some sound advice by Miss Arthur, Hoofprints advisor.

BOYS' SPORTS—Bob Hoblitt points out a good play in a practice game as the rest of the sports section, Joe Amato and Bruce Lloyd, watch.

COPY STAFF—Getting copy ready for typist Mary Agri are identifications editor, Harriet Rossman, and copywriter Varda Melitsoff.

JUNIOR STAFF—Checking layouts for their junior section are Rosie Franklin, Renee Lapidus, and Marilyn Chortkoff.

ART STAFF—New artistic ideas came from the brains of Marilee Barrett, Lois Ade, art editor, and Mr. Kaelin, art advisor.

SALES STAFF—Mrs. Jinks watches Jack Goldberg, Manuel Morden, and Roland Miller, sales campaign managers, make out receipts for eager annual buyers. Leadership class conducted the campaign.

SEEMS as though they never stopped — those pack mules of long ago.

Their ruggedness and stubborn defiance of odds parallel the Wilson Mules, our teams. No matter the game or the opponent, Wilson Mules are always ready to fight for the school. Their persevering spirit and sportsmanship have licked the strongest teams.

"A" Pigskinners

The Mule pigskinners fought through a tough schedule in '49, and showed up nicely until superior manpower and the ever-present breaks of the game took their toll. The season's initial encounter saw the boys going down to defeat to John Muir, 12-6, in a trial tilt. The Mules' game, highlighted by Paul Clark's brilliant passing, had a touchdown pass from Clark to Gary Bahnsen called back. This would have been the tying, if not winning, score. ☆The opening Northern League fracas saw Wilson pitted against the Poly Parrots. The Mules completely outclassed the Parrots for the first half, and at half time the score read Wilson-6, Poly-0, Rudy Viscarra having run 60 yards to pay dirt. Wilson again was knocking at the door on Poly's ½-yard line when the gun sounded. After intermission, the Mules found trouble going through Poly's massive line and went to the air, which proved to be disastrous. Poly intercepted three passes, two of which were run back for touchdowns. Wilson couldn't get going and went down to defeat, 19-6. ☆The following Friday was Wilson's time to howl, for they knocked the Marshall Lawyers on their collective ear to the tune of 19-13, making the fourth year in a row that the Birristers have been trampled under Mule hoofs. Highlights of the game were the running of Rudy Viscarra and Joe

Amato, who accounted for all three of the Mule touchdowns. The defensive play of Gene Burg, Myron Berliner, John Durbin, and Bruce Lloyd was the difference between victory and defeat. The greatest play of the day saw Paul Clark heave a fifty yard pass to Red Nelson in the waning minutes of the last quarter, to set up Wilson's final score. ☆Outnumbered, outnumbered, but not outfought, Wilson fell to the army of Huntington Park, 46-0. ☆The Mules' next foe was Lincoln, whom they knocked from pillar to post for the first

44 of the 48 minutes of the game. Early in the game Bruce Lloyd recovered a Tiger fumble on the Lincoln 15 yard stripe. Three times Paul Clark drove, and on the third down he crashed six yards into the end zone. He converted, and Wilson led, 7-0. Lincoln matched this in the second quarter, and at halftime the score stood 7-7. Wilson came back with a rush in the third stanza when Rudy Viscarra scored from 20 yards out, and the score stayed at 13-7 until, with 4 minutes to go, Wilson's aerial defense fell apart, and Lincoln

threw two desperation passes for touchdowns. Final score: Wilson 13, Lincoln 20. ☆Under the arches at Belmont, Wilson faced its final opponent, and, as always, the inevitable depth of the opposing squad kept the Mules to their off season. The Hilltopers overcame a half time lead by Wilson of 7-6 and won 19-7. Wilson scored when Rudy Viscarra ran 70 yards on a kickoff return. Even the gallant efforts of Gene Burg, Myron Berliner, and John Durbin, who were brilliant on defense, couldn't change the outcome.

HIGHLIGHTS OF THE YEAR

1. Paul Clark's passing in the Muir, Marshall, and Poly games.
2. Rudy Viscarra's brilliant running.
3. Gene Burg's pole driving and defense.
4. Myron Berliner's great all around play.
5. Teamwork of Bahnsen and Lloyd, who again and again opened holes that meant touchdowns.
6. Placing of Viscarra and Durbin on the second team all-Northern.

"B" Pigskinners

One of the finest of Wilson B football teams was fielded this season by Coach Barthel. Led by Marty Huntoon, end, the team finished third in the league. Flanking Marty was another fine end, Jim Pappa. These two formed the most formidable pair of ends in the city. The backfield also shone brightly, with such stars as Austin Phillips at quarter, John Shambra and Ruben Ybarra at halfback, and Jack Elder at fullback. Taking the brunt of attack on the front wall were Gary Parker and Sol Dibner, guards, and Bob Zamarippa, center. The team's record showed wins over John Muir, Marshall, Huntington Park, and Belmont.

B MENTOR—Coach Barthel taught his boys to power the pigskin to many a victory.

Shambra piles through the Belmont line as Phillips watches.

B STARS—Outstanding members of the B grid team were Fullback Jack Elder, Left end Marty Huntoon, Center Bob Zamarripa, and Right half John Shambra.

Hardwood Highlights

A

"Beautiful shotmaking." "Fine coaching." "Excellent plays." These were the comments as the Mule casaba players toured the Polar Loop. ☆A record of eight wins and two defeats is proof of the quality of the almost invincible varsity five. This well rounded team was stopped by only one foe, Poly, which was rated one of the top high school outfits in the nation. Coach Settle put on the floor a team excelling in all departments. It had speed and good shots in boys like Raymond and Graybill; height in Olivas; and defense in Jones and Hamlin. The squad was laden with reserves. Good boys like Lapiner, Henry, and Cameron were always ready on the sidelines.

B

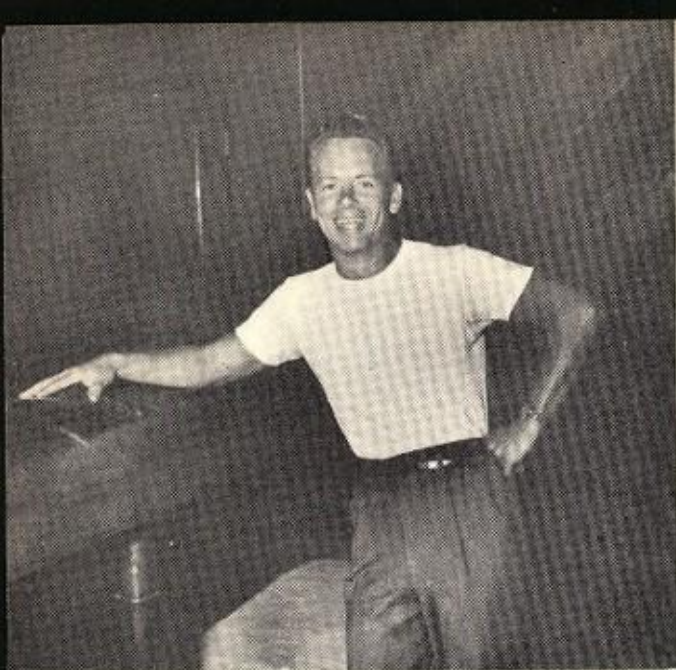

All hail the new champs, the B basketball team! The Jayvee players showed their heels to the rest of the league with their professional-like play. Sparked by Britt and Cantos, the squad gave no doubt as to who should be crowned the season's champs. The B casaba men were exceptional on the basis of their showing in the second round of play, when they topped all comers. Instrumental in copping the crown for Wilson were Schiada, deadly lefthander, Shinerock, ballhandler supreme, and Johnson, rebounding demon.

C & D

The Mule "mighty mites" showed up nicely this season with the C's making an acceptable record of five wins and five losses and the D's boasting an eight win, two defeat accomplishment. Sparking the C's were such outstanding casaba artists as Captain Harrier, fighting guard, Foutz, high point man, and Garcia, hook shot specialist. The almost champion D's, like their big brothers, the varsity, lost only twice to Poly. Coach Carl Cain is rightly proud of such fine D players as Holt, Gelalich, Nye, Baltz, and high point man Stanley.

Strong Men

NEW to Wilson, Coach Robert Ross not only can coach a great team, but you should hear those magic fingers on the ivories.

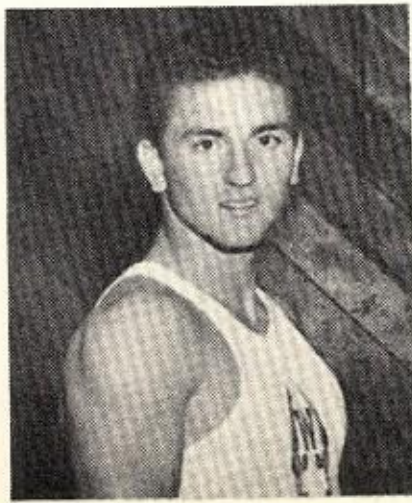

Strength, coordination, and form. These are the things which make an excellent gymnast, and Wilson this year had more than its share of these. On the list were such mat stars as Motter, three times all-Northern on the parallels and twice winner on the rope; Huntoon, three times all-Northern in free ex, and Elder, a three-time winner on the longhorse. Other Polar Loop medal winners were Jerry Copeland and Ted Laudice. Always a dangerous foe to face, the squad took fourth in the league, beating Belmont and Poly. **SCORES: WILSON—63, POLY—57; WILSON—47½, MARSHALL—72½; WILSON—46, H.P.—74; WILSON—45, LINCOLN—75; WILSON—65½, BELMONT—54½.**

A BASEBALL

Teamwork, timely hitting, power, the everpresent will to win, and the two great left arms of Jerry Mason and Frank Bennett meant the championship for Jay Settle's horsehiders, the greatest array of diamond demons ever to come out of the halls of Muleville. The team was one without a flaw. Behind the plate was dependable Ernie Barlow, and on third was "Pistol Pete" Vitale, sparkplug of the infield. In the shortstop slot was smiling Leon Kilday, deadly in the clutch and with an arm like a rifle. Second base was capably filled by fighting Louie Miraula, who possessed an uncanny knack for getting on base. On first was the power hitting Vic Lapiner, fatal to men on base, who led the team in R.B.I. Captain Gil Carrasco held down left field and possessed one of the league's most feared throwing arms. In center field was the "Galloping Greyhound," Dick Adams, Wilson's great centerfielder. Dick's hitting and speed broke many a pitcher's heart. At rightfield was Wayne Nelson, who, along with Adams and Carrasco, made up one of the finest outfields in the city. The Mule pitching staff consisted of the two mighty southpaws, Frank Bennett and Jerry Mason, who alternately chucked Wilson to the crown. ☆With spark, hustle, and drive, qualities which Coach Trigg's teams always have, the B horsehiders came through their season with a second place league spot. Top chucker was southpaw Johnny Fouts. Dennis Holt did a fine job behind the plate. On first was heavy hitting Louie Baltz. Making up a terrific keystone combination were Ruben Ybarra and Tiny Gelalich.

The flashing spikes of the Mule Cindermen flew around the loop and into third place in the league standings. Opposing squads which felt the sting of the Wilson spikes were Lincoln, Marshall, and Belmont. While on their way to a third place standing, the Mule boys were revising the record books right and left. Richard Adams, better known as "the human spring," leaped his way to two records. Davey Rosellini and Duane Telliano also set new marks in their respective specialties. The B's and C's came through with a fairly good season. Placing regularly were Emil Britt, shot put, Jiminez, 100; Henry, 1320, Kersh, high hurdles. C stars were Don Ifill, record breaker in the 660, Pugliese, ditto in the 100, and Garcia, 180.

Coach Paul Barthel hammers a starting block for his C and D sprinters.

CENTER: Gary Bahnsen soars over the high hurdles. ☆ It's a photo finish at the end of an exciting 100, Rosselini coming through and Vizcarra hot on his heels. Rosselini broke the school record in the high hurdles, and placed second in the Northern. ☆ Captain Ronnie Swartz, 5th All-Northern 220, led his team to a record in the relay. Time: 3:10. ☆ Paul Milazzo, 4th in the Northern 440. BOTTOM: Howard Wintares, 3rd All-Northern 880. ☆ Up and over go Telliano and two Poly men. (Poly photo). ☆ Bob Gross starts the 880.

TENNIS TEAM — ROW 1: G. Reynolds, M. Bales, K. Smith, D. Harrier, D. Stanley, B. Towles (Mgr.). **ROW 2:** K. Lucas, D. Bernal, D. Markel, G. Slagle.

With flailing racquets, the Mule tennis ball thumpers held their own against powerful opposition, winning practice matches against top-ranking teams of the area. They garnered a third in league competition, losing to Marshall and H.P., and defeating Belmont. Standouts were Doug Markel, Dean Harrier, and Kenny Smith. These three boys took the brunt of the attack, winning most of the time; but the superior manpower of the rival schools was too much to cope with. Much praise must be given to Mr. Smith, excellent tennis player, who taught the boys the rights and wrongs of tournament tennis.

DRILL TEAM—Making school spirit soar, Wilson's first drill team made its debut at the Belmont night game.

Although a journey with an old time mule team was no place for a woman, the girls of Muleville play equally as important a role as the boys in the advancement of the Mule Train. Taking an active part in sports, they are both spectators and contestants. Girls' athletic organizations, such as we have here at Wilson, play a large part in high school life.

SPONSORS—Spending after school time to sponsor girls' athletic clubs are gym teachers Miss Waldo (GAA), Miss Jennings (GAA), Mrs. Healy (Lettergirls, Officials), Mrs. Whittle (JAC).

G.A.A. CHEERLEADERS—G.A.A. Cheerleaders, Joan Gibbs, Gloria Abbey, and Marilyn Peet brought new songs and yells to the G.A.A. and were expert at tossing those purple and gold pom poms.

Getting together for sports two afternoons each week, the girls learned sportsmanship and made many friends. Traditional activities included the semi-annual initiation, when new members were put through hilarious stunts, play days, and the end-of-term banquets, when farewells were said to the seniors and awards given out.

Aparejos (Mexican pack saddles) identified the dependable mules in a team. At Wilson it is a yellow sweater with a purple and gold "W" which points out an all around good sport, athlete, and scholar . . . a Lettergirl. The monogram wearers are well-known for the outstanding services that they give to the school. Ushering at assemblies and graduation, sponsoring J.A.C., and helping with registration and program changes were only some of their "good deeds." Always ready to help teachers and students, the Lettergirls' Club is rated as one of Wilson's top service organizations.

Los Burritos

THE operation of a mule team involved replacement of old mules with younger ones. These were introduced into the train by first carrying light packs and gradually working up to the 300 pound load of the older mules. This is somewhat the system used to get ready our "Burritos," the junior high school students, for active service in the senior high. Beginning with their own government patterned after the senior one, juniors learn early to work together for Wilson's betterment.

Little Wheel

SUMMER JUNIOR CABINET—Tending to junior business efficiently was the summer junior cabinet: Secretary Kathryn Mahoney and President Janet Meyers; (standing) Vice Presidents Jimmy Keochakian and Barbara Stanton.

WINTER CABINET—Junior leaders who completed a very successful year as the first seventh and eighth grade cabinet are Louis Lombardi, boys' vice-president; Dennis Droulard, president; Michelle Arrigo, secretary; Laura Compton, girls' vice-president.

Getting ready to take an active part in senior high school student government are Muleville's younger set. Led by their own junior cabinet, they have carried out such activities as special junior assemblies and parties. The junior advisory board, formed by representatives of seventh and eighth grade social studies classes, was chock full of ideas to better the junior high. A grounds commission was added to their government, the hall guards gave up their lunch hours in order to keep the halls clear of all unnecessary traffic. Many more junior lunch hours were taken up with club meetings. A Saint Patrick's Day party was put on by members of the E Club, junior girls' honor club. The Hour Glass Club became Wilson's largest junior organization, with its weekly quiz a high note of eighth grade life. The juniors' own welcoming committee, the seventh graders' new 2H Club, gave newcomers and visitors a fine impression of the school. The younger boys and girls of our singing organizations, the Junior Girls' and Boys' Glee, aired their vocal chords on all-school as well as junior programs. Playing at junior high assemblies gave the junior orchestra a chance to "show its stuff."
